

Hello St. John's,

The financial people here have worked hard to get our church signed up with PayPal. A link which should allow you to donate is below. So you are aware, the current fees for us are 2.9% + \$0.30 for each transaction. In a few days, when our nonprofit status is confirmed, the rate will go down to 2.2% + \$0.30. We should also soon have a facebook donation function which will cost us nothing.

If you would like to simply send a check, or drop one off at the church, that is certainly still an option.

Finally, if you would like to set up electronic transfers from your bank account to ours, we will be happy to help you do that. Please write me back.

Thanks so much,
Pastor
